CHAPTER - 2
TRAVELLING ALLOWANCE RULES
SECTION - I
GENERAL

2.1. General Rule.— The following are the different kinds of travelling allowances which may be drawn in different circumstances by Government employees:-

- (a) Permanent travelling allowance.
- (b) Conveyance and horse allowance.
- (c) Mileage allowance.
- (d) Daily allowance
- (e) The actual cost of travelling

The nature of these allowances and the method of calculating them are explained in the subsequent sections.

[Note.— For the purpose of these rules, the terms “mileage allowance” shall mean reference to allowance admissible for a kilometer.]³

2.2 Travelling allowance calculated with reference to the purpose of the journey.— The travelling allowance admissible to a Government employee for any journey is calculated with reference to the purpose of the journey in accordance with the rules laid down in Sections VII to XX.

A competent authority may direct a Government employee to perform a journey in the interest of the public service for any purpose not specified in these rules. The travelling allowance in such a case will be that admissible for a journey on tour, unless a special rate is sanctioned by a competent authority.

Note.— A list of special orders passed under this rule is given in Appendix O.

2.3 Recovery of cost of transporting personal luggage etc.— Unless in any case it be otherwise expressly provided in these rules, a Government employee making a journey for any purpose is not entitled to recover from Government the cost of transporting his family, servants, personal luggage, conveyances, tents and camps equipage.

2.4. Revision of travelling allowance due to promotion or reversion.— A Government employee’s claims to travelling allowance should be regulated by the rules in force at the time the journeys in respect of which they are made, are undertaken. The travelling allowance of a Government employee, who is promoted or reverted or is granted an increased rate of pay with retrospective effect, should not be revised in respect of the period intervening between the date of the promotion or reversion or grant of increased rate of pay and that on which it is notified, [except where employee concerned had been actually performing duties of the post to which he is promoted or from which he is reverted with retrospective effect.]⁴

In the case of all bills audited before the notification appears, the audit officer should be guided by the facts officially known at the time, but in the case of travelling allowance bills

not presented or audited before the promotion is gazetted, there is no objection to the audit office recognizing the retrospective effect of the notification.

SECTION - II

PERMANENT TRAVELLING ALLOWANCE

2.5. Conditions of grant.— A permanent monthly travelling allowance may be granted by a competent authority to any Government employee whose duties require him to travel extensively. Such an allowance is granted in lieu of all other forms of travelling allowance for journeys within the Government employees sphere of duty and is drawn all the year round, whether the Government employee is absent from his headquarters or not. The allowance is calculated so as not to exceed the average amount which would be drawn under rules 2.40 to 2.49 in sub- sections (ii) and (iii) of Section VII by a Government employee of the same grade. The authority granting the allowance may attach to it the condition of a horse or conveyance being maintained.

Note. A list of permanent travelling allowances is given in Appendix B.

2.6 In order to prevent permanent travelling allowance being turned into a source of profit, a controlling officer may in any month reduce the amount of allowance if, in his opinion, a Government employee is neglecting the due performance of the duties for which he receives the allowance. This power should be used with due regard to the fact that the allowance is based on an average of the whole year, and, therefore, the allowance should not be reduced with reference to touring done in any single month but on evidence of habitual neglect of touring and after the Government employee has been warned. If the conditions attached that a conveyance should be maintained, controlling officers should also from time to time satisfy themselves that this is fulfilled. All bills for fixed travelling allowance mentioned in Appendix B which are specifically subject to a horse or other means of conveyance being actually kept, must be supported by a certificate to the effect that the horse or other means of conveyance in respect of which allowance is claimed, is his own property and was maintained at the station of duty during the period from _____ to _____ for which fixed travelling allowance is claimed.

Note.— If the means of conveyance ceases to be actually kept, it shall be replaced within one month or the fixed travelling allowance shall cease to be drawn with effect from the date on which the means of conveyance ceased to be kept provided that if the prescribed conveyance is a horse or pony the period of replacement may, with the sanction of the Controlling Officer, be extended to two months.

2.7. When inadmissible.— A permanent travelling allowance may not be drawn during joining time, or unless in any case it be otherwise expressly provided in these rules, during any period for which travelling allowance of any other kind is drawn. The extent to which it can be drawn during leave is governed by rules contained in Chapter-V of Volume-I (Part I) of these Rules. For periods of temporary duty, it can be drawn with the sanction of competent authority.

Notes.

(1) *Zilladars in the Public Works Department, Irrigation Branch, deputed to undergo a course of training at the Agricultural College, or required to undergo training in the work of Kanungo or Naib-Tehsildar and Naib-Zilladars who are Zilladars candidate, when deputed to undergo training in the Civil Department may draw the permanent travelling allowance during the course of their training; provided they actually maintain conveyances, and the*

authority sanctioning the deputation certifies that on the expiry of the period of training they are likely to return to posts to which the allowance is attached.

- (2) (i) [Excise Inspector and Taxation Inspector]⁵ in receipt of permanent travelling allowance on the condition of maintaining a horse when deputed to undergo a course of training at any of the distilleries or breweries, may draw their permanent travelling allowance during the course of their training, provided that

 - (b) the period of training does not in any one case exceed three months without the previous sanction of Government;
 - (c) the certificate of the likelihood of the [Inspectors]⁶ to return to post to which the allowance is attached is recorded in the original orders of his being placed on training.
- (ii) Other [Excise Inspector and Taxation Inspector]⁷ will not, however, be allowed to draw permanent travelling allowance while under such training. They may draw travelling allowance at tour rates for journeys performed for joining and leaving the places of training plus halting allowance at the rate of Rs. 30 per mensem providing that the period of training does not in any one case exceed three months without the previous sanction of government.
- (3) When permanent travelling allowance is subject to the condition of keeping a horse or other animal, it may be drawn during joining time, provided .
- (a) the horse of other animal was maintained in the post from which the Government employee concerned is transferred and is actually maintained during joining time; and
 - (b) the Government employee proceeds to join a post in which the maintenance of such horse or other animal is necessary for the proper discharge of his duties.

If the rate of permanent travelling allowance in the new post differs from that attached to the old post, the lower of the two rates will be admissible during joining time.

2.8 Combination of Posts.— When a Government employee holds, either substantively or in an two or in an officiating capacity, two or more posts to each of which a permanent travelling allowance is attached, he may be granted such permanent travelling allowance not exceeding the total of all the allowances, as the competent authority may consider to be necessary, in order to cover the travelling expenses which he has to incur.

2.9 Travelling allowance in addition to or in exchange for permanent travelling allowance.— A Government employee in receipt of permanent travelling allowance may not draw any other travelling allowance in place of, or in addition to, permanent travelling allowance, provided that a competent authority may permit—

- (1) A Government employee or class of Government employees to draw, in addition to permanent travelling allowance, single fare for a journey by rail;

⁶ Substituted vide Notification No. 9456-3FR-67/24508, dated 11.10.1967.

- (4) by special or general order, a Government employee or class of Government employees, to draw in addition to or in lieu of permanent travelling allowance mileage by road or actual expenses for a journey expressly authorized by a specified authority. Such order will be given only in very exceptional circumstances when there is clear proof that the permanent travelling allowance was not intended to cover the particular journeys for which the concession is asked.

2.10 Mileage Allowance In Addition To Permanent Travelling Allowance.— When a Government employee in receipt of permanent travelling allowance, travels on duty with proper sanction, beyond his sphere of duty, he may draw (a) mileage allowance by rail for the whole journey, and (b) mileage by road for such portion of the journeys including such part of it as is within his sphere of duty, as is in excess of 32 kilometers. This rule does not apply to a Government employee who travels beyond his spheres of duty in the course of journey from one place within that sphere to another such place. In addition, he may draw permanent travelling allowance for any day of his absence for which no mileage allowance is drawn.

SECTION - III

CONVEYANCE AND HORSE ALLOWANCES

2.11 Calculation of.— A competent authority may grant, on such conditions as it thinks fit to impose, a monthly conveyance or horse allowance to any Government employee who is required to travel extensively at or within a short distance from his headquarters under conditions which do not render him eligible for daily allowance. Where circumstances require it, a competent authority may grant a daily conveyance allowance under this rule.

Notes.

- (1) *A list of monthly conveyance and horse allowances is given in Appendix C.*
- (2) *The pay of a Government employee is supposed to include the cost of upkeep such means of conveyance as are necessary for his ordinary duties and the same is in accordance with his official status. Therefore, only a few exceptional cases, should the claim for a conveyance allowance be admitted. After conveyance allowance has been granted, it is not necessary to enquire in what precise manner it is being spent as long as the Government employee moves about adequately in the discharge of his duties and fulfils the conditions imposed by the competent authority while sanctioning the conveyance allowance.*

2.12 When drawn.— Except as otherwise provided in these rules or in Appendix C and unless the authority sanctioning it otherwise directs, a conveyance or horse allowance is drawn all the year round, and is not forfeited during absence from headquarters and may be drawn in addition to any other travelling allowance admissible under the rules:-

Provided that the T.A. of a Government employee who is in receipt of a conveyance allowance specifically granted for a upkeep of a motor car or motor cycle, for journeys beyond a radius of 8 kilometers from headquarters, shall be regulated as under:-

Punjab Civil Services Rules Volume-III (Chapter-2) (Haryana State)

- (a) if performed by railway, conveyance allowance may be drawn in addition to T.A. (daily allowance or railway mileage) that may be admissible;
- (b) if performed by road, only the conveyance allowance will be admissible but the Government employee may at his option exchange it (at the rate of 1/30th for each day) for any T.A. (daily allowance or road mileage) that may be admissible to him under the rules;
- (c) if performed partly by rail and partly by road, conveyance allowance may be drawn in addition to T.A. (daily allowance or railway mileage) but the officer may at his option draw railway mileage and exchange the conveyance allowance (at the rate of 1/30th for each day) for road mileage or daily allowance that may be admissible to him under the rules; and
- (d) if performed by a Government vehicle provided to him free of cost, the Government employee will have the option either not to claim any T.A. or to claim daily allowance admissible for journeys by Government vehicles under rule 2.100 and 2.105 after deducting 1/30th of his conveyance allowance.

Notes.

- (1) *It is open to the controlling officer to reduce the conveyance allowance in any month if the Government employee appears to be neglecting the duties for the performance of which the allowance was granted and in so doing they should bear in mind the conditions mentioned in rule 2.6.*
- (2) *The amount of a conveyance allowance other than an allowance for the maintenance of a horse, pony or camel, drawn by an officer permitted to recess in a hill station shall be reduced by one-half during every period spent in recess.*

2.13 During leave or joining time.— A conveyance or horse allowance may be drawn during joining time if (a) the conveyance or horse was maintained in the post from which the Government employee concerned is transferred and is actually maintained during joining time, and (b) the Government employee concerned proceeds to join a post in which the maintenance of such conveyance or horse is necessary for the proper discharge of his duties. Its drawl during leave is governed by rules contained in Chapter-V of Volume-I (Part-I) of these rules. During joining time granted after leave, the grant of conveyance or horse allowance will be subject to the condition that it was admissible and drawn during leave. A conveyance or horse allowance can only be drawn for periods of temporary duty, other than in a post for which it has been sanctioned when ordered by the competent authority.

Notes.

- (1) *A portion not exceeding Rs. 25 of an allowance, granted on condition that a motor car or motor cycle is maintained, may be drawn during joining time if the Government employee certifies that he continued to maintain the vehicle, that the amount claimed was spent by him on garage hire or wages to staff or both for the period for which the amount is claimed and that the vehicle was not during that period in use by anybody.*
- (2) *A conveyance allowance to which the condition of maintaining a cycle is attached, will not be drawn during joining time as no expense is incurred on the maintenance of a cycle when not in use.*
- (3) *No allowance shall be drawn for Head Constables and Constables sick or on leave except to meet expenditure actually incurred on the feeding shoeing and maintenance of the animals, and for chanda Subscriptions for the period of absence of the men concerned.*

- (4) *Mounted Police Officers proceeding on [earned leave not exceeding 120 days]⁸ or undergoing promotion courses at the [Police Training School, Madhuban]⁹, and Sub-Inspectors when posted to the mobile patrols, who are in possession of horses or camels shall hand over their mounts to the Lines Officer or the Officer in charge of the Mounted Police who shall be responsible for the feeding and keeping of such animals under the supervision of a Gazetted Officer. No conveyance allowance shall be drawn for them for the period of their absence on leave or training at the [Police Training School, Madhuban]¹⁰ and in the case of Sub-Inspectors when posted to the Mobile Patrol except to meet expenditure actually incurred on the feeding, shoeing and maintenance of animals which should in no case exceed the conveyance allowance admissible in each case. The accounts shall be kept in the relevant form prescribed in the Police Rules. Such horses and camels shall be looked after and may be used for instruction duty by mounted upper subordinates under orders of the gazetted officer in supervisory charge. In such cases, responsibility for loss or injury by misconduct or neglect shall rest with the officer so ordered to look after or use the animal at a time. Where, however, adequate accommodation for horses and syces is not available in the police lines the Superintendent of Police may authorize such officers to make their own arrangements for the care and maintenance of animal and draw the prescribed conveyance allowance admissible to each of them. Assistant Sub-Inspectors are not mounted Police Officers and are exempted from the operation of this rule.*
- (5) *Subordinates of the Public Works Department, Buildings and Roads and Irrigation Branches, deputed to attend the reinforced concrete class at the Government School of Engineering, may draw the conveyance allowance during the course of their training: Provided they actually maintain conveyance, and the authority sanctioning the deputation certificates that on the expiry of the period of training the subordinates are likely to return to posts to which the conveyance allowance is attached.*

2.14 All conveyance allowances are except where otherwise specifically exempted in Appendix C, subject to the means of conveyance being actually kept and a certificate to the effect that the conveyance in respect of which allowance is claimed is his own property, and was maintained at the station of duty during the period from _____ to _____ may be attached to each bill on which the allowance is drawn.

Not elf. the means of conveyance ceases to be actually kept, it shall be replaced within one month or the conveyance allowance shall cease to be drawn with effect from the date on which the means of conveyance ceased to be kept : Provided that if the prescribed conveyance is a horse, camel or pony, the period for replacement may, with the sanction of the controlling officer, be extended to two months.

SECTION - V DAILY AND MILEAGE ALLOWANCES

(i) GENERAL

2.18 Definition of daily allowance and the rule as to its drawal.— A daily allowance is a uniform allowance for each day of absence from headquarters which is intended to cover the ordinary daily charges incurred by a Government employee in consequence of such absence.

Unless in any case it be otherwise expressly provided in these rules, it may be drawn while on tour by every Government employee whose duties require that he should travel and may not be drawn except while on tour.

2.19 Definition and principles of calculation of mileage allowance.— A mileage allowance is an allowance calculated on the distance travelled which is given to meet the cost of a particular journey on the following principles:-

- (a) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short, provided that, when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.
- (b) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of doubt a competent authority may decide while shall be regarded as the shortest of two or more routes.
- (c) If a Government employee travels by a route which is not the shortest, but is cheaper than the shortest, his mileage allowance should be calculated on the route actually used.

Notes.—

Punjab Civil Services Rules Volume-III (Chapter-2) (Haryana State)

- (1) *Where the question is merely one of measurements of routes, Commissioners of Divisions can issue a correction slip to the Polymetrical Tables which, for practical purposes shall be taken as a declaration of the shortest routes under the above rules.*
- (2) *The following road routes shall be regarded as the shortest routes for purposes of travelling allowance:-*
- (i) *Between Gurgaon and Palwal*
 - (ii) *Between Rohtak and Sonipat*
 - (iii) *Between Sirsa and Rania via Out (during the rainy season only, viz., from 1st July to 30th September).*
 - (iv) *Between Hisar and Rohtak.*
 - (v) *Between Kalka and Ropar.*
 - (vi) *Between Dabwali and Sirsa.*
 - (vii) *Between Rohtak and Bhiwani.*
 - (viii) *Between Bhiwani and Loharu.*
 - (ix) *Between Chandigarh and Ropar.*
 - (x) *Between Chandigarh and Patiala*
 - (xi) *Between Narnaul . Mohindergarh -Charkhi Dadri.*
 - (xii) *Between Muktsar and Malout.*
 - (xiii) *Between Hoshiarpur and Nangal.*
 - [(xiv) *Between Jind and Hansi.*]¹⁴
 - [(xv) *Between Faridabad and Gurgaon*]¹⁵
- (3) *When journey is performed between places, partly connected by rail and partly not so connected, a Government employee will draw rail mileage or if such journey is performed by road actual fare plus incidentals by rails subject to the provisions contained in Note (7) below rule 2.24 (D) for the portion of journey between stations connected by rail and road mileage only for the portion of journey between stations not connected by rail. The competent authority in case of doubt may decide under Rule 2.19 (b) above, whether the places are partly connected by rail and partly not so connected indicating the rail heads between which the journey should ordinarily be performed by rail.*
- 2.20** A competent authority may, for special reasons which should be recorded permit mileage allowance to be calculated on a route other than the shortest or cheapest: provided that the journey is actually performed by such routes.

Notes .

- (1) *When Road mileage is claimed for a journey between places connected by Rail, the competent authority should decide whether the full rate of T.A. be passed in such a case or whether it should be limited to what would have been admissible if the officer had traveled by rail in the ordinary way. The principle which should be followed in deciding such questions is whether any real public interest was served by the road journey which would not have been served had the officer traveled by rail, such as the saving of public time or inspection work. In cases where road mileage is allowed, a certificate giving brief reasons for doing so should be recorded by the competent authority on the T.A. bill. If the Government employee concerned is himself a Competent Authority or Secretary to Government, the certificate should be recorded by the next senior Administrative Officer, if*

- (4) *Police officers are permitted to draw travelling allowance for journeys by road within their sphere of duty made in public motor vehicles provided that the amount is not more than the railway fare between the two places and provided also that the journeys, if it had not been performed by a public motor vehicle would have been performed by rail.*
- (5) *A police officer below the rank of Inspector may draw travelling allowance for a journey performed by him by road either within or beyond his sphere of duty provided the Superintendent of Police certifies in writing that the journey was necessary in the public interest.*
- (6) *The Deputy Rangers []³⁴ and Foresters not incharge of Rangers may draw Travelling Allowance calculated under the ordinary rules within their sphere of duty except on occasions when they return to the headquarters the same day. (ii) DAILY ALLOWANCE ON TOUR

2.40 General Rule.— Except where otherwise expressly provided in these rules, a Government employee, not in receipt of permanent travelling allowance, draws travelling allowance for journeys on tour in the shape of daily allowance.

2.41 Drawn during absence from headquarters on duty.— Daily allowance may not be drawn, except during absence from headquarters on duty and unless a Government employee reaches a point outside a radius of 8 kilometers from his headquarters or returns to his headquarters from a similar point and also subject to note 5 below rule 2.100. A period of absence from headquarters begins when a Government employee actually leaves his headquarters and ends when he actually returns to the place in which his headquarters are situated, whether he halts there or not.

Notes.

- (1) *The terms radius of 8 kilometers should be interpreted as meaning a distance of 8 kilometers by the shortest practicable route by which a traveller can reach his destination by the ordinary modes of travelling.*
- (2) *If an officer of a Vacation Department combines tour with vacation, i.e., proceeds on tour and then avails himself of vacation without returning to his headquarters, he should be granted tour travelling allowance under these rules for the outward journey only.*
- (3) *A canal patwari halting at the headquarters of a Zilladars, or the Division, which is within 8 kilometers, but more than 3 kilometers of his own headquarter may draw halting allowance when the halt is for the work connected with the final check and preparation for seasonal demand statements.*

2.42 Halts on tour.— Subject to the conditions mentioned below, daily allowance may be drawn during a halt on tour or on a holiday occurring during the tour:-

- (i) Daily allowance may not be drawn for a continuous halt of more than ten days at any one place: provided that a competent authority may grant general or individual exemptions from the operation of this rule, on such conditions as it thinks fit, if it is satisfied:-
 - (a) that prolonged halts are necessary in the interests of the public service; and
 - (b) that such halts necessitate the maintenance of camp equipage or, where no camp equipage is maintained continue, after the first ten days, to entail extra expenses upon the halting Government employee.

Notes.

- (1) *A list of exemptions is given in Appendix F.*
- (2) *Exemptions from the operation of clause (i) of this rule, which prohibits the drawal of daily allowance by a Government employee for a period in excess of ten days in respect of a halt at an outstation may be granted only in cases where the conditions prescribed at (a) and (b) are satisfied and in granting such exemptions, the competent authority may impose such conditions as it thinks fit. One such condition is the reduction in the amount of daily allowance that may be drawn and the principle under lying reduction is that the expenses incurred by a Government employee in respect of a halt at an outstation ordinarily, decreases in proportion to the length of his stay at that station. This principle should be borne in mind by the authorities to whom powers under this rule have been delegated and the rate of daily allowance should be suitably reduced after the first ten days in all cases except those which present special features. Cases in which special*

treatment can be justified will in addition to those of the kind mentioned at (b) above be generally those in which the half of a Government employee at an outstation is of uncertain duration which makes it impossible for him to arrange for more permanent and cheaper accommodation.

- (3) *The sanction of the competent authority for admitting daily allowance in excess of ten days would be necessary only when the number of full daily allowances drawn (inclusive of the half daily allowance) under rule 2.45 exceeds ten, the daily or half daily allowance, if any admissible for the days of travel covered by clause (iv) below, should be excluded in calculating the ten daily allowances.*
- (ii) After a continuous halt of ten days' duration, the halting place shall be regarded as the Government employee's temporary headquarters.
 - (iii) A halt is continuous unless terminated by an absence on duty at a distance from the halting place exceeding 8 kilometers for a period including not less than three nights.
 - (iv) In calculating the duration of a halt, any day on which the Government employee travels or halts at a distance from the halting place exceeding 8 kilometers shall be excluded. On such a day, the Government employee may draw daily allowance or exchange it for mileage allowance, if admissible.
 - (v) A Government employee who takes casual leave when on tour is not entitled to draw daily allowance during such leave.
 - (vi) Daily allowance is not admissible for any day whether Sunday or holiday, unless the Government employee is actually and not merely constructively in camp.
 - (vii) When bodies of police are moved from one tehsil to another for special temporary duty, the new tehsil will not be regarded as their sphere of duty for the first ten days and halting allowance will be admissible to all ranks for the first ten days. After that time, the new tehsil will be regarded as their sphere of duty and mileage and daily allowance will be governed by the ordinary travelling allowance rules.
 - (viii) Teachers of Government institutions accompanying candidates to the Matriculation Examination centers, who act as Superintendents, Assistant Superintendents or invigilators of examinations conducted by the Panjab University, may, besides travelling allowance to and from the examination centers, draw at their option, daily allowance at the rate admissible to them for the period of the examination or the fees paid by the Panjab University. If daily allowance is drawn, the fees paid by the University should be credited to Government.
 - [(ix) In all cases of enforced halts occurring en route on tour/journeys necessitated by break down of communications due to blockade of roads on account of floods, rains, heavy snow fall, landslides, etc., the period of such halts shall be treated as duty and the Government employee concerned shall be paid daily allowance at 3/4th of the rate applicable to him at the station in which the enforced halt takes place for the period of enforced halt after excluding first day of such halt for which no daily allowance shall be allowed.]³⁶

Notes .

- (1) *In cases where fees paid by the University are credited to Government the treasury receipt should be attached to the travelling allowance bill in support of the claim.*

³⁶ Inserted vide Notification No. 4849-1FR-I-66/14948, dated 12.08.1966.

- (2) *The claim on account of travelling allowance should be accompanied by a certificate to the effect that either no travelling allowance was paid by the University or if any travelling allowance was paid, it was credited to Government. In the later case, the treasury receipt should also be produced.*
- (3) *Travelling allowance to and from the examination centers as contemplated in this rule may not be drawn in respect of journey or a portion of a journey performed on the same day as that on which such teachers also act as Superintendents, Assistant Superintendents or Invigilators etc., unless the fees paid by the University for that particular day or credited to Government and no further daily allowance is claimed for that date.*

(iii) MILEAGE ALLOWANCE AND ACTUAL EXPENSES IN PLACE, OR IN ADDITION TO DAILY ALLOWANCE ON TOUR.

2.43 Exchange of daily allowance for mileage allowance during the whole period of a tour.— A competent authority may, by general or special order and on such conditions as it thinks fit to impose, permit, any Government employee or class of Government employees to draw mileage allowance instead of daily allowance for the whole period of any absence from headquarters if it considers that the nature of the Government employee's duty is such that daily allowance is not sufficient to cover his travelling expenses.

2.44. Exchange of daily mileage allowance on any particular journey.— (a) Subject to any conditions which a competent authority may, by general or special order impose, a Government employee may exchange his daily allowance for mileage allowance on any day on which.—

- (i) he travels by railway or steamer or both, or
- (ii) he travels more than 32 kilometers by road; provided that, if a continuous journey extends over more than one day, the exchange must be made for all such days and not for a part only of them.

[Omitted]³⁷

Note. *Short journeys, within a radius of 8 kilometers from headquarters, may not be added to other journeys, when calculating the distance traveled by road or the amount of mileage allowance admissible for road journeys.*

- (b) When a journey by road is combined with a journey by railway or steamer, under clause (a) (i) of this rule, mileage allowance may be drawn on account of such journey by road but such mileage is limited to the amount of daily allowance, unless the journey by road exceeds 32 kilometers.

Note. *If actual places of duty fall outside the 8 kilometers radius at the outstation, road mileage allowance limited to daily allowance unless the journey by road exceeds 32 kilometers may be allowed under Rule 2.44 (b) (ii). But if places of duty are situated in localities within the 8 kilometers radius at the outstation, road mileage is admissible to and from the first place of duty only. The above distinction of places within a 8 kilometers radius and beyond can be made as daily allowance is a uniform allowance for each day of absence from the headquarters, which is intended to cover the ordinary daily charges incurred by a Government employee in consequence of such absence. The ordinary daily charges can reasonably be held to include the cost of journeys within a radius of 8*

kilometers from the place of halt. Thus a Government employee who halts at a place for a day and draws daily allowance will not be entitled to draw mileage for journeys within 8 kilometers of his camp. Similarly, it may be held that when a Government employee arrives at his camp after making a railway journey and performs short journeys within 8 kilometers of his camp he is not entitled to any road mileage, if he halts at his camp and draws daily or half daily allowance, as the case may be.

- 2.45** In addition to the mileage allowance for journeys by [air]³⁸, rail, or by sea, or river steamer or by road admissible under rule 2.44, the Government employee may draw a half daily allowance for the days of departure and arrival, including days of departure from and arrival at headquarters.

Notes.

- (1) *If on any one day two separate journeys are performed, one ending at, and the other commencing from headquarters, one half daily allowance will be admissible in respect of each separate journey.*
- (2) *In the case of a Government employee who, while on tour, is treated as a State Guest, the half daily allowance, admissible to him for the days of arrival at and departure from his place of halt where he is treated as a State Guest, will be half of the reduced daily allowance to which he may be entitled under note (2) below Rule 2.24 (C), where as the half daily allowance for the days of departure from and arrival at other places will be half of the daily allowance ordinarily admissible to him.*
- (3) *In the case of a Government employee whose absence from his headquarters does not exceed 24 hours but falls on two calendar days, half daily allowance will be admissible for the first calendar day as well as for the second notwithstanding the provisions of Rule 2.15 of Civil Services Rules, Volume-I Part I provided that rail fare or mileage is drawn under Rule 2.44 for journeys to and from his headquarters.*

The criterion for admitting half daily allowance in such cases being whether any Government duty was performed at the outstation or not no half daily allowance should be allowed to Government employees simply for stopping at a place for rest or for catching the available train/ bus on the following day. The controlling officer of the Government employee shall have to record a certificate to this effect.

- 2.46.** When a journey by road is performed in a private motor vehicle which is not the property of the Government employee, travelling allowance will be regulated by rule 2.100.

Notes.

- (1) *When two or more Government employees travel in a motor vehicle belonging to one of them the travelling allowances of the owner of the vehicle will be regulated by the ordinary rules and the travelling allowance of the other Government employee travelling with the owner will be regulated by rule 2.100 even though he may have incurred some expenses for the use of propulsion of the vehicle in question.*

plying for the hire or cars borrowed from friends or relatives other than officers subordinate or junior to the person performing the mileage, if the officer pay all the charges for their propulsion.
- (3) *When a Government employee travels in a motor vehicle borrowed from a friend or a relative who is a private individual, between stations connected by rail and pays only half*

the propulsion charges he shall be entitled to actual cost of propulsion paid by him not exceeding half the railway fare of the class of accommodation to which he is entitled to travel and in addition half daily allowance for the days of departure and arrival plus allowance for incidental expenses admissible to him for journey by rail.

Exception. *When a Government employee connected by rail and does not pay any expenses for the use of propulsion of the vehicle, his travelling allowance shall be regulated under Note (7) below Rule 2.24 (D). The Government employee shall be entitled to daily allowance under Rules 2.100 and 2.105, for such a journey between stations not connected by rail. When such a journey is performed between places partly connected by rail and partly not so connected he shall be entitled to daily allowance for the portion of journey not connected by rail and for the part of the journey between stations connected by rail he shall be allowed the incidental expenses under note (7) below rule 2.24 (D) but the half daily allowance admissible to him in addition under this note shall not be allowed for the days on which he gets daily allowance in respect of the portion not connected by rail.*

The Government employees will not, however, be entitled to anything for journeys covered by this rule, from duty point (i.e. the place/ office of employment at his headquarters) to Railway Station and vice versa, except that they will draw half daily allowance for the days of departure or arrival as the case may be under the normal rules.

Exception. *V @^ Á c ^ ; { Á %o] ; [] ~ | • ã [} Á & @æ! * ^ • + Á ~ • ^ â Á ã } Á c @ã i.e. the cost of petrol and mobile oil etc., but does not include the charges on account of the wear and tear of the vehicle or the pay of the driver.*

2.47 Actual expenses of maintaining camp during a sudden Journey away from it. — A competent authority may permit any Government employee, who is compelled by a sudden emergency to leave his camp and travel rapidly on duty to a place more than 32 kilometers distant, to draw, in addition to mileage allowance, the actual cost of maintaining his camp, whether the camp be moved or not : provided that the amount of actual cost drawn shall not exceed the daily allowance of his grade.

2.48 Actual expenses on first and last journey of an extensive tour.— A Government employee entitled to daily allowance, whose sphere of duty extends over the whole State may, when making a journey of more than 160 kilometers to the first or from the last camp of an extensive tour, recover, in lieu of the daily allowance admissible for the days occupied by such journey, the whole necessary cost of the journey, including the cost of transportation of camp equipment and of servants, horses, motor cars, motor cycles bicycles and private baggage on such scale as a competent authority may prescribe.

Note *For the scale fixed under this rule see Appendix-N.*

2.49 Government employees whose duties require them to travel constantly by railway.— When a member of the railway police, or any other Government employee or class of Government employees, whose duties involve, constant travelling by railway and to whom a competent authority may declare this rule to be applicable, makes a journey by railway on tour:-

- (i) He is entitled either to a free pass under the free pass rules of the railway or to the fares for himself and the servants and luggage accompanying him which a free pass would cover.
- (ii) He may draw daily allowance for any day on which he is absent from his headquarters for more than eight consecutive hours.

- (iii) He may not exchange for mileage allowance the allowances admissible under sub-clauses (i) and (ii) of this rule.
- (iv) If he combines with a railway journey, a journey by steamer or road, he may, if he travels to a place distant at least 8 kilometers from the point where he leaves the railway or returns to the railway from a place similarly distant, draw mileage allowance for the journey by steamer or road in addition to daily allowance, if any, admissible under this rule: provided that the time spent on the journey by steamer or road shall be deducted in calculating the duration of the absence from his headquarters.

Note *If in the exigency of public service, such officers travel by road only, their travelling allowance will be governed by rule 2.44.*

Note *The travelling allowance of the Stenographer to the Assistant Inspector General, Government Railway Police, Haryana, will be governed by these rules.*

This takes effect from 1st July, 1960.

(iv) TRAVELLING ALLOWANCE ADMISSIBLE FOR JOURNEYS AND HALTS WITHIN 8 KM OF HEADQUARTERS.

2.50 Conveyance Hire.— (a) A competent authority may, by general or special order, permit any Government employee or class of Government employees to draw the actual cost of hiring a conveyance on a journey for which no travelling allowance is admissible under these rules.

Notes .

- (1) *This rule is designed to cover cases in which it is equitable to allow Government employees to draw the actual cost of conveyance where the circumstances are not exactly covered by any other existing rule. It is, therefore, applicable to cases in which a Government employee is transferred from one office to another within the same stations accompanied by a change in residence.*
- (2) *This rule is not intended to cover cases where a non-gazetted Government employee or class IV Government employee is dispatched on duty to a place at some distance from his office or is summoned to his office by a special order of a gazetted officer outside the ordinary hours of duty. In such cases, the expenditure involved may be paid by Government and charged to contingencies, provided*
 - (a) that the head of the office certifies that the expenditure was actually incurred was unavoidable and is within the scheduled scale of charge for the conveyance used;
 - (b) that the Government employee concerned is not entitled to draw travelling allowance under the ordinary rule for the journey, and that he is not granted any compensatory leave, and does not and will not otherwise receive any special remuneration for the performance of the duty which necessitated the journey.

2.51 Ferry charges tolls and railway fare.— A Government employee travelling on duty within 8 K.M. of his headquarters is entitled to recover the actual amounts which he may have to spend to payment of ferry and other tolls and fares for journeys by railway or other public conveyance.

2.52 Actual expenses of maintaining camp equipage during the halt at headquarters.— On the following conditions and any other conditions which it may think fit to impose, a competent authority may, by general or special order, permit any Government employee

or class of Government employees to recover the actual cost of maintaining camp equipage during a halt at headquarters or within 8 kilometers of headquarters or during the interval between the Government employee's departure from or arrival at headquarters and that of his camp equipage:-

- (a) The amount drawn, together with any amounts recovered under rule 2.51, should not exceed the daily allowance of his grade.
- (b) The period of the halt or interval for which it is granted should not exceed ten days. An absence on duty from the halting place for less than three nights should not be treated as interrupting the halt or interval.
- (c) The Government employee must certify that he had maintained the whole or part of his camp equipage during the halt or interval and that the expense of maintenance has not been less than the amount drawn. In the case of a non-gazetted or class IV employee, the head of the office must certify that such maintenance was necessary.
- (d) The expenses of maintenance of camp equipage during halts at headquarters is the difference between the actual outlay incurred by a Government employee in maintaining the equipage during that time and the outlay he would incur if he could discharge it and had nothing to do with it till he wanted it again. Interest on capital outlay, and charges on account of depreciation and repairs as well as the upkeep of horses, etc., used only for the conveyance of the Government employee on his marches, cannot be reckoned in actual expenses, of keeping up camp equipage. The cost of maintaining camp equipage hired by the month may be included in the expenses. A Government employee who, while halting at headquarters and drawing allowance under this rule makes a journey of 8 kilometers or less, returning the same day to headquarters, may be granted allowances under both this rule and rule 2.51 (b) subject to the restriction contained in clause (a) of this rule that the total sum received shall not exceed the daily allowance.
- (e) A Government employee who, while halting at headquarters and drawing allowance under this rule makes a journey of 8 kilometers or less, returning the same day to headquarters, may be granted allowances under both this rule and rule 2.51 (b) subject to the restriction contained in clause (a) of this rule that the total sum received shall not exceed the daily allowance.
- (f) In the case of Clerks and Munshis, riding horses and riding camels are included in the camp equipage in maintenance of which during halts at headquarters, allowances within certain limits are admissible under this rule.

SECTION - VIII

Note . *Travelling allowance is not admissible for a journey undertaken to procure a health certificate required on first appointment to Government service.*

[Omitted]³⁹

- 2.54 Concession to persons re-employed in Government service.**— When a pensioner or Government employee who has been thrown out of employment owing to a reduction of establishment or the abolition of his post, is re-appointed to Government service, the authority, which sanction his re-appointment may, permit him to draw travelling allowance for so much of his journey to join his new post as falls within India as for a journey on tour without any allowance for halts on the journeys.
- 2.55 Concessions to persons appointed in Europe.**— Any person appointed, while resident in Europe, by the High Commissioner for India in London, may draw mileage allowance for the journey to join his first post from any port in India at which, with the permission of the authority appointing him, he may disembark.
- 2.56** When travelling allowance is drawn under rules 2.53 to 2.55, the rate admissible is that of the grade to which the Government employee will belong after joining his post.

SECTION - IX

JOURNEYS ON TRANSFER

- 2.57 General conditions of admissibility.**— Travelling allowance may not be drawn under this Section by a Government employee on transfer from one station to another unless he is transferred for the public convenience and is entitled to pay during the period occupied by the journey. A transfer at his own request should not be treated as a transfer for the public convenience unless the authority sanctioning the transfer, for special reasons which should be recorded, otherwise directs.

Note 1 . *A Government employee appointed to a post under the Haryana Government as a result of competitive examination which is open to both Government employees and others*

- (a) *if already holding a substantive appointment under Government (including other Governments in India) should be granted travelling allowance for joining the post, and*
- (b) *if already employed in a temporary capacity under Government (including other Governments in India) should not be granted travelling allowance for joining the post, unless in any particular case, the competent authority otherwise directs.*

Audit Instruction. *When a Government employee is transferred otherwise than for the public convenience, a copy of the order of transfer should be sent to the audit officer of the circle to audit in which he is serving, with an endorsement stating the reason for transfer. In the absence of such an endorsement the audit officer shall assume that the Government employee has been transferred for the public convenience. In the case of non-gazetted Government employees, a certificate from the head of the office will be accepted in lieu of the copy of the order of transfer.*

- 2.58 Journeys from military to civil employ.**— A Government employee may draw travelling allowance under this Section for a journey on transfer from military to civil employ.

In case a Government employee travels by omnibus, a certificate to the effect that the amount charged was actually incurred as bus fare (s) should be given.

Provided that (1) competent authority may prescribe lower maxima in the case of any specified class of Government employees and (2) if a Government employee who carries his personal effects by road between stations connected by railway or steamer, may draw actual expenses up to a limit of the amount which would have been admissible had he taken the same, quantity by goods train or steamer provided that in cases where the actual expenses claimed exceed this limit, a competent authority may allow such claims for valid reason subject to the limit of amount which would have been admissible if the maximum number of quintals had been transported by goods train or steamer.

Notes .

- (1) If a Government employee carries his personal effects by passenger, instead of by goods trains he may draw the actual cost of carriage upto a limit of the amount which would have been admissible, had he taken the maximum number of quintals by goods train.

ⁱ This takes effect from 1st January, 1965.

- (1)(A) Subject to the prescribed maximum number of quintals, a Government employee who carries his personal effects by air, may draw actual expenses up to the limit of the amount which would have been admissible had he taken the same quantity by passenger train (upto the limit of the amount which would have been admissible had he taken the maximum number of quintals by goods train), road or steamer, as the case may be, under the normal rules.

Second	One horse and a carriage or motor car (whichever is less) or a motor cycle or ordinary cycle.
Third	One horse or a motor cycle or ordinary, cycle except for Zilladars in the Irrigation Branch, for whom the scale is two horses or one horse and one mule.

- (1) the distance traveled exceeds 128 kilometers;
- (2) the Government employee is travelling to join a post in which the possession of a conveyance of horses is advantageous from the point of view of his efficiency; and
- (3) conveyance or horses are actually carried by rail, steamer, or other craft.

(A list of officer by whom the possession of free conveyances may be considered to be in the interest of public service who are entitled to recover the actual cost of transporting their conveyances on transfer under this rule is given in Appendix G.)

Notes .

- (1) *In the case of a motor car, the cost of transporting a chauffeur or cleaner; and for each horse, the cost of transporting one syce, may be drawn.*
- (2) *When a Government employee transports his motor car, motor cycle or horse and a carriage horse, by road under its own power between stations connected by rail or steamer or partly by rail and partly by steamer, he may draw an allowance of 8 paise per kilometer in respect of the motor car 4 paise per kilometer in respect of the motor cycle or horse, and 6 paise per kilometer for a horse and carriage, the distance to be reckoned for the purpose of this concession being limited to the distance between the stations by rail or steamer or both combined as the case may be. If the Government employee himself and or any member of his family travels by the motor car, motor cycle, horse or horse and a carriage he may at his option, draw in lieu of this allowance the railway fares which would have been admissible, if the journey had been performed by rail. No railway fare will be allowed for the Chauffeur or Syce, as the case may be, even though he actually travels by rail.*
- (3) *The actual cost of transporting includes empty haulage charge, if any is leveled by the railway authorities, for a covered carriage, or a motor car, truck if one is not available at the station of dispatch, and has to be obtained from elsewhere. When a conveyance or a horse is transported by steamer, the actual cost of transporting it may, for purpose of this rule, include the incidental charges such as ghat pass, river dues, loading and unloading charges.*
- (4) *If a Government employee possessed a conveyance or horse at the station from which he is transferred, he may draw the actual cost of transporting a conveyance or horse, respectively from a place in India other than his former station: provided that the amount so drawn shall not exceed that admissible had the conveyance or horse been transported from the old to the new station direct, and provided further that the conveyance or horse is actually transported to the new station within a reasonable time before or after the officer is transferred. In the case of a Government employee who has not possessed a conveyance or horse in the station, from which he is transferred, but takes one to the new station from some other place, the above expenses may be allowed, with the sanction of Government.*

- (2) *The Administrative Department or the officer who normally sanctions the tour and signs the T.A. bills of the Government employee concerned will be competent to sanction the grant of T.A. and daily allowance on the lines indicated above.*
